TP/2606/2023 dated 09-05-2023	

Facts of the case in brief, are that the appellant is registered vide GSTIN 2. 24AATFA7005L1Z9 is engaged in the business of manufacturing of textile products e.g. Bedsheets, Bed Cover, etc. and also engaged in Job-Work Activity for various textile products. The appellant had filed refund claims (RFD-01s) under ARNs No. AA2404230118330 dated 04.04.2023, AA240423017226P dated 05.04.2023, AA240423102523V dated 22.04.2023 04.04.2023, AA240423012009U dated AA240423012343W dated 04.04.2023 and AA2404230168020 dated 05.04.2023 on account of ITC accumulated due to inverted tax structure for the period October-21, February-22, April-22 to September-22, November-21, December-21, January-22 respectively under Section 54 of the CGST Act, 2017 and Rule 89 of the CGST Rules, 2017. As per formula prescribed under Rule 89(5) of CGST Rules, 2017, Maximum Refund Amount worked out to each Refund claim as mentioned in the table above by taking following values, as shown in FORM RFD-01, as under:

Month	Turnover of	Tors	A 11-1 1	NT I TOO	
	and a state of the second second	Tax payable on	Adjusted	Net ITC	Refund
	inverted	such inverted	Turn Over		{(1)*(4)/(3)-2}
	supply	rated supply of	•	2	CANTER ALL INTELLECTION OF ALL NAMES

÷					

Thus the adjudicating authority has sanctioned the refund claims filed by the appellant vide 6ARNs as mentioned above, sanctioning the refund amount of Rs.2,55,164, Rs.1,39,933, Rs.30,05,473, Rs.5,20,245.35, Rs.3,99,546 and Rs.6,30,775 as against the amount of refund claimed Rs.2,98,710/-, Rs.1,89,450/-, Rs.36,21,696/-, Rs.5,53,252/-, Rs.4,47,203/- and Rs.6,70,839/- respectively.

3. Being aggrieved with the above impugned orders of the adjudicating authority, the appellant filed the above mentioned six appeals on the

The outset, the Appellant submits that-the impugned orders, confirmingdenying refund ofRs. 43,546/-, Rs. 49,517/-, Rs. 6,16,223/-, Rs. 33,007/-, Rs. 47,657/- and Rs. 40,064/-is cryptic, non-speaking and has been passedmechanically, without dealing with the submissions made by the Appellant.

- The main issue of difference in calculation of refund amount is due toconsideration of 18% outward supply by the Ld. Assistant Commissioner in theinverted duty structure formula which is against the intent of inverted dutystructure formula as per Section 54(3) OF the CGST Act, 2017 read with Rule89(5) of the Rules, 2017.
- At the outset, the Appellant submits that the said allegation is completely baseless and contradictory to the facts of the present case. TheAppellant had produced all the valid documents at the time of application of refund, i.e., tax invoice, Form GSTR-1 and GSTR-3B in respect of the subject goods.
- Thus, the Appellant states that the impugned order is non-speaking andhas confirmed the denial of refund without stating any independent reasoningof its own. Thus, the impugned order suffers from the vice of being passed mechanically without stating any reasons or independent application of mind. Reliance is placed on the decision of the Hon'ble High Court of Gujarat in M/s Neuvera Wellness Ventures Pvt. Ltd. v. State of

Gujarat, 2019 (4) TMI 1448, wherein in a case having similar set of facts, the following observations weremade:

"A perusal of the impugned order dated 2.4.2019 passed by the second respondent in FORM GST MOV-09 whereby tax and penalty have been demanded, reveals that the basis for computing the additional tax is the IGST paid by the petitioners. Moreover, in the impugned order there isnot even a whisper as regards the submissions advanced on behalf of the petitioners, nor have the same been dealt with in the body of the order. No reasons have been assigned by the second respondent for the purpose of holding the petitioner liable to payment of tax and penalty despite the fact that IGST had already been paid on such transaction and the goods were being moved from the customs warehouse to the petitioner's own godown and it being the case of the petitioners that there was no supply, and hence, the provisions of GST Act are notapplicable. The impugned order is, therefore, totally bereft of anyreasoning."

(Emphasis supplied)

 In this regard, the Appellant places reliance on the decision of theHon'ble High Court of Rajasthan in Sakeel v. State Tax Officer, 2018 (9) TMI
 609wherein the following observations were made:

4. On reading the aforesaid provision, it is apparent that while the power exists with the respondents to take action under Section 129(3) of the Act and thereafter to proceed under Section 130 of the Act, before takingany such decision, the concerned person has to be given an opportunity of being heard which inherently means that the submissions which the concerned person may take up while filing his objections have to be examined and a speaking order has to be passed giving out reasons for not accepting the objections. It is to be noted that once such an order has been passed, it can be challenged by the aggrieved person by filing an appeal under Section I 07 of the Act.

5. However, in the present case, this Court finds that the requirement of Section 129 (4) & (5) of the Act has not been followed and the concerned authority has failed to take notice of the objections and it cannot be said that the order impugned is a speaking order.

Reliance is also placed on decision of the Hon'ble Apex Court in the case of Cyril Lasardo (Dead) v. Juliana Maria Lasardo, 2004 (7) sec 431, wherein the following observations were made:

"11. Reasons introduce clarity in an order. On plainest reading and consideration of justice, the High Court ought to have set forth its reasons, howsoever brief, in its order indicative of an application of its mind, all the more when its order is amendable to further avenue of challenge. The absence of reasons has rendered the High Court's judgment not sustainable.

12. Even in respect of administrative orders Lord Denning, M.R. in Breenv. Amalgamated Engg. Union observed: (All ER p. 1154h) "The giving of reasons is one of the fundamentals of good administration." In Alexander Machinery (Dudley) Ltd. v Crabtree it was observed: "Failure to give reasons amounts to denial of justice. Reasons are live links between the minds of the decision taker to the controversy in question and the decision or conclusion arrived at." Reasons substitute subjectivity by objectivity. The emphasis on recording reasons is that if the decision reveals the "inscrutable face of the sphinx", it can, by its silence, render it virtually impossible for the courts to perform their appellate function or exercise the power of judicial review in adjudging the validity of the decision. Right to reason is an indispensable part of a sound judicial system, reasons at least sufficient to indicate an application of mind to the matter before court. Another rationale is that the affected party can know why the decision has gone against him. One of the salutary requirements of natural justice is spelling out reasons for the order made, in other words, a speaking out. The "inscrutable face of the sphinx" is ordinarily incongruous with a judicial or quasi-judicial performance."

2

Similar views were expressed in a decision of the Hon'ble Supreme Court in the case of Asst. Commissioner, Commercial Tax Department v. Shukla &Brothers, 2010 (254) EL 6 (SC) 2011 (22) STR 105 (SC) wherein the Court observed as under:

"9In our view, it would neither be permissible nor possible to stateas a principle of law, that while exercising power of judicial review on administrative action and more particularly judgment of courts in appeal before the higher court, providing of reasons can never be dispensed with. The doctrine of audi alteram partem has three basic essentials. Firstly, a person against whom an order is required to be passed or whose rights are likely to be affected adversely must be granted an opportunity of being heard. Secondly, the concerned authority should provide a fair and transparent procedure and lastly, the authority concerned must apply its mind and dispose of the matter by a reasoned or speaking order. This has never been uniformly applied by courts in India and abroad."

Reliance is also placed on the decision of the Hon'ble Supreme Court in the Hon's Engineering and Manufacturing Co. of India Ltd. v. Union of Indict, AUX 1976 SC 185, wherein the Hon' ble Supreme Court reiterated that an authority making an order in exercise of its quasi-judicial functions must yegord reasons in support of the order it makes.

- "In the, present case, as stated supra, the impugned order is non-speaking and has been passed mechanically with pre-determined conclusions and without adequately examining or responding to the submissions made by the Appellant, in violation of the principles of natural justice. Thus, the impugned order is liable to be set aside.
- However, it is pertinent to note that the same adjudicating authority has already sanctioned the full refund amount of Rs. 18,69,780/- claimed for the period of Oct-2022 to Jan-2023 vide RFD-06 having ARN-ZE2407230264011 dated 19.07.2023, holding the same set of facts.
- ➢ It is submitted that the principle of parity should have been followed by the adjudicating authority for all disputed months for grant of refund, meaning thereby, complete refund should have been granted to appellant.
- ➢ It is submitted that the formula used in terms of Rule 89(4) of CGST Rules, 2017, in calculation of inverted duty structure refund is same in the case of order dated 19.07.2023 and the impugned orders. Moreover, no specific reasoning has been assigned in the impugned order so as to allow partial refund.

 \triangleright Henceforth the impugned order deserves to be set aside.

Appellant is eligible for refund of total amount of Rs.2,98,710/-, Rs.1,89,450/-, Rs.36,21,696/-, Rs.5,53,252/-, Rs.4,47,203/- and Rs.6,70,839/ (October-21, February-22, April-22 to September-22, November-21, December-21, January-22 respectively) in terms of Section 54(3) of CGST Act, 2017 read with Rules 89(5) of CGST Rules asamended.

- ➤ The finding in the impugned order are wrong and legally incorrect, since Appellant has correctly claimed the refund of accumulated input tax credit(ITC) under the category "Refund on account of ITC accumulated due to Inverted Tax Structure", for the tax period October-21, February-22, April-22 to September-22, November-21, December-21, January-22, in terms of Rule 89(5) of CGST Rules, 2017, read with Section 54(3) of CGST Act, 2017.
- It is submitted that during the month of October-21, February-22, April-22 to September-22, November-21, December-21, January-22, Appellant has made outward supply. Details of outward supply made during the tax period October-21, February-22, April-22 to September-22, November-21, December-21, January-22 as reported in GSTR-1, is tabulated below, for ease of reference:

सेवाव

Sl.No.	Particulars	Amount
1	B2B Supply (18%)	3,80,901
2	B2B Supply (5%)	5,51,91,783
3	B2C Supply (5%)	4,76,250
4	Debit Note (5%)	34,079
5	Credit Note(5%)	(4,20,784)
	Net Value of Outward Supply	5,56,62,229

urther, in the month of Oct-2021,Feb-2022, April-2022 to September-022, Nov-2021, Dec-2021& Jan-2022, Appellant has procured inputs at the GST Rate of 5%, 12% and 18%,

Therefore, since the Appellant has made outward supply of goods during Oct-2021,Feb-2022, Nov-2021& Jan-2022 @5%and 18%, and procured inputs at the rate of 5%, 12% and 18%, the input taxcredit has been accumulated on account of said inverted duty structuresupply.

Therefore, since the Appellant has made outward supply of goods during April-2022 to September-2022&Dec-2021@5%, @12% and 18%, and procured inputs at the rate of 5%, 12% and 18%, the input tax credit has been accumulated on account of said inverted duty structure supply.

Therefore, in terms of Section 54(3) of CGST Act, 2017 read with Rules89(5) of CGST Rules, as amended vide Notification No. 14/2022-CT, dated 05.07.2022, Appellant has claimed the refund of un-utilised input tax credit on account- rate of tax on inputs being higher than the rate of tax on output supplies (other than nil rated or fully exempt supplies) i.e., refund under inverted duty structure.

Section 54(3) of CGST Act, 2017 is reproduced below:

(3) Subject to the provisions of sub-section (10), a registered person may claim refund of any unutilised input tax credit at the end of any tax period:

Provided that no refund of unutilised input tax credit shall be allowed in cases other than-

(i) Zero rated supplies made without payment of tax;

(ii) where the credit has accumulated on account of rate of taxon inputs being higher than the rate of tax on output supplies(other than nil rated or fully exempt supplies), except supplies ofgoods or services or both as may be notified by the Governmenton the recommendations of the Council:

Rules 89(5) of CGST Rules, 2017, amended vide Para 8(d) of theNotification No. 1 4/2022 - Central Tax dated 05.07.2022, is reproducedbelow:

(5) In the case of refund on account of inverted duty structure, refund of input tax credit shall be granted as per the following formula:-

Maximum Refund Amount= {(Turnover of inverted rated supply ofgoods and services) x Net ITC Adjusted Total Turnover} - {taxpayable on such inverted rated supply of goods and services x(Net ITC)/ ITC availed on inputs and input services)}

Explanation:-For the purposes of this sub-rule, the expressions -

(a) -"Net ITC" shall mean input tax credit availed on inputs duringthe relevant period other than the input tax credit availed forwhich refund is claimed under sub-rules (4A) or (4B) or both; and

"Adjusted Total turnover" and "relevant period" shall have the same meaning as assigned to them in sub-rule (4).

From the provisions mentioned above, it has been cleared that registered person is eligible to claim refund of accumulated ITC on account of inverted duty structure, and Turnover of Inverted Duty supply would be considered, only when rate of tax on inputs being higher than the rate of taxon output supplies.

From the above Table-1 (Oct-2021) it can be seen that Appellant has made outward supply at the GST rate of 5% and 18%, and therefore, claimed the refund of unutilised input tax credit on account- rate of tax on inputs being higher than the rate of tax on <u>output supplies</u> (other than nil rated or fully exempt supplies), tabulated below:

0	-+	0	n	77
	ct-	4	U_2	41

Sl.No.	Particulars	Amount
1	B2B Supply (5%)	4,30,15,969
2	B2CS Supply (5%)	30,250
2	Credit Note - B2B (5%)	(7,33,301)
	Net Value of Outward Supply	4,23,12,917

From the above Table-1 (Feb-2022) it can be seen that Appellant has made outward supply at the GST rate of 5% and therefore, claimed the refund of unutilised input tax credit on account- rate of tax on inputs being higher than the rate of tax on <u>output supplies</u> (other than nil rated or fully exempt supplies), tabulated below:

8

Feb-2022

S l.No.	Particulars	Amount	
1	B2B Supply (5%)	4,68,17,873	
2	Credit Note - B2B (5%)	4,334	
•	Net Value of Outward	4,68,13,539	
	Supply		

From the above Table-1 (April-2022 to September-2022) it can be seen that Appellant has made outward supply at the GST rate of 5% and 12% and therefore, claimed the refund of unutilised input tax credit on account- rate of tax on inputs being higher than the rate of tax on <u>output supplies</u> (other than nil rated or fully exempt supplies), tabulated below:

April-2022 to September-2022

Sl.No.	Particulars	Amount		
1	B2B Supply (5%)	30,26,01,146		
2	B2C Supply (5%)	2,10,000

4	Credit Note (5%)	(71,995)	
	Net Value of Outward	5,09,01,150	
	Supply		

From the above Table-1 (Jan-2022) it can be seen that Appellant has made outward supply at the GST rate of 5% and therefore, claimed the refund of

9

unutilised input tax credit on account- rate of tax on inputs being higher than the rate of tax on <u>output supplies</u> (other than nil rated or fully exempt supplies), tabulated below:

Jan-2022

Sl.No.	Particulars	Amount	
1	B2B Supply (5%)	5,51,91,783	
2	B2C Supply (5%)	4,76,250	
3	Debit Note (5%)	34,079	
4	Credit Note (5%)	4,20,784	
	Net Value of Outward	5,52,81,328	
	Supply		

Refund calculation:

एवं सेवा

Month	Inverted Turnover	Tax payable on such inverted rated supply of goods and service X Net ITC/ITC availed on Inputs and Input services)	Adjusted Turn Over	Net ITC	Refund {(1)*(4)/(3)- 2}
	1	2	3	4	5
Oct-2021	4,23,12,917	17,55,744	4,27,44,808.3 8	20,75,423.54	2,98,710
Feb-2022	4,68,13,539	19,76,519	4,72,81,878.9 8	21,87,637.98	1,89,450
April-2022 to September- 2022	30,23,09,577	1,30,92,671	31,54,83,822	1,74,42,757	36,21,696
Nov-2021	4,54,41,357	18,28,447	4,57,98,412	24,00,419	5,53,252
Dec-2021	5,09,01,150	22,96,468	5,99,76,008	32,32,823	4,47,203
Jan-2022	5,52,81,328	24,94,347	5,56,62,228.5 2	31,86,995.88	6,70,839

However, while verifying the refund claim filed by the noticee, Ld. Assistant Commissioner has also considered the outward supply made at theGST rate of 18% of Rs. 4,31,891/-, Rs. 4,68,340/-, Rs. 61,25,187/-, Rs. 3,57,055/-, Rs. 5,03,545/- and Rs. 3,80,901/- during Oct-2021, Feb-2022, April-2022 to September-2022, Nov-2021, Dec-2021 and Jan-2022 respectively and accordingly re-calculated the refund claim as tabulated below:

Month	Inverted Turnover	Tax payable on such inverted rated supply of goods and service X NetITC/ITC)		Net ITC	Refund {(1)*(4)/ (3)-2}
	1	2	3	4	5
Oct-2021	4,27,44,808.38	18,20,260	4,27,44,808.38	20,75,423.54	2,55,164
Feb- 2022	4,72,81,878.98	20,47,705	4,72,81,878.98	21,87,637.98	1,39,933
April-to Sept- ember- 2022	30,84,34,764	1,40,47,549	31,54,83,822	1,74,42,757	30,05,473
Nov- 2021	4,57,98,412	18,80,167.87	4,57,98.412	24,00,413	5,20,245.35
Dec- 2021	5,14,04,695	23,71,266	5,99,76,008	32,32,823	3,99,546
Jan- 2022	5,56,62,228.52	25,56,220.10	5,56,62,228.52	31,86,996	6,30,775

- The above re-calculation of refund of inverted duty structure, by Ld. Assistant Commissioner, is factually wrong and legally not sustainable in GST law, since while calculating the turnover of Inverted Rated Supply, the main aspect to consider is to take that outward supply, on which the rate of GST is lower, then the rate of inputs procured.
- In the instant case, the Appellant has procured the goods at the rate of 5%, 12% and 18% only. Therefore, the outward supply, on which rate of GSTis 5% would be considered as turnover of inverted rated supply, for the purpose of Rule 89(5) ibid.(For Oct-2021, Feb-2022, Nov-2021 and Jan-2022)

In the instant case, the Appellant has procured the goods at the rate of 5%, 12% and 18% only. Therefore, the outward supply, on which rate of 55% to 55% & 12% would be considered as turnover of inverted rated supply, for the purpose of Rule 89(5) ibid.((For April-2022 to September-2022 and Dec-2021)

The outward supply at the rate of 18% would not be considered, since there is no inputs that has been procured at the GST rate of above 18%.

- Therefore, the contention of department to consider the outward supply of 18% also (along with outward supply @5%) during Oct-2021, Feb-2022, Nov-2021&Jan-2022 and (along with 5% & 12% during April-2022 to September-2022, Dec-2021) as Inverted Rated Supply of goods/services, in numerator of formula, as per Rule 89(5) ibid, is legally incorrect. Department should only consider the actual turnover of inverted rated supply made at the rate of 5% only, which is Rs. 4,23,12,917.38/- in Oct-2021, Rs. 4,68,13,539/- in Feb-2022. Rs. 4,54,41,357/- in Nov-2021and Rs. 5,52,81,328/- in Jan-2022and at 5% and 12% only which is Rs.30,23,09,577/- in April-2022 to September-2022 and Rs. 5,09,01,150/in Dec-2021as "Turnover of Inverted Rated Supply of goods and services", in Refund calculation.
- On this ground only, the impugned show cause notice is liable to be quashed, and the refund of Rs.2,98,710/-, Rs.1,89,450/-, Rs. 36,21,696/, Rs. 5,53,252/-. Rs. 4,47,203/- and Rs. 6,70,839/- for the month Oct-21,

Feb-2022, April-2022 to September-2022, Nov-2021, Dec-2021August-21 and Septembe-21 respectively should be granted to the Appellant.

- ➢ Ld. Assistant Commissioner has given a finding that para 54 of circular number 125/44/2019-GST, dated 18th November 2019 explains a case where only one output is being supplied (manufacturing process involves the use of input A attracting 5% GST and input B attracting 18% GST to manufacture output Y attracting 12% GST). There is no mention of the supply that should or should not be considered as inverted supply in a case where outputs are being supplied at multiple rates with one of the outputs being supplied at a rate equal to the rate of the input as is happening in the instant case where outputs are being supplied at the rate of 5% and 18% while inputs are being procured at rates of 5%, 12% and 18%.
- It is submitted that the finding of the Ld. Assistant Commissioner is based on wrong facts. It is a finding of the Ld. Assistant Commissioner that in the instant case where outputs are being supplied at the rate of 5%,12% and 18% while inputs are being procured at rates of 5%, 12% and 18%. It is submitted that for the month of Oct-2021, Feb-2022, Nov-2021 and Jan-2022, outputs are supplied at the rate of 5% and 18% and not 5%, 12% and 18% and for the month of April-2022 to September-2022, Dec-2021 outputs are supplied at the rate of 5% and 12% and not 5%, 12% and 18% understanding of Ld. Assistant Commissioner negates the concept of inverted duty structure. The concept inverted duty structure means where is rate of input is higher than rate of output supplies.
 - Refund of accumulated unutilised input tax credit for assesses who's input tax rate is higher than output tax is eligible in terms of Section 54(3) (ii) of the CGST Act, 2017 read with Rule 89(5) of the CGST Rules, 2017 which provides statutory mechanism refund of input tax credit on account of inverted duty structure."Turnover of inverted rated supply of goods" means the value of the inverted supply of goods made during the relevant period, which in the present case is turnover of output supply at the rate of 5% in Oct-2021, Feb-2022, Nov-2021 and Jan-2022 and 5% and 12% during April-2022 to September-2022, Dec-2021.
 - > Therefore, in view of the above submission of facts and legal position, and without prejudice to our rights of further additional submissions, we herebyrequest your good self, to kindly consider the above legal positions in theinstant cases and sanction the eligible refund of Rs.2,98,710/-, Rs.4,47,203/-Rs.1,89,450/-, Rs.36,21,696/-, Rs.5,53,252/-, and Rs.6,70,839/curtailed on thiscount, claimed vide RFD-01 having ARNs No. dated 04.04.2023, AA240423017226P dated AA2404230118330 05.04.2023, AA240423102523V dated 22.04.2023 AA240423012009U AA240423012343W 04.04.2023, dated 04.04.2023 and dated AA2404230168020 dated 05.04.2023 respectively and set-aside the impugned orders rejecting of refund of Rs. 43,546/-, Rs. 49,517/-, Rs. 6,16,223/-, Rs. 33,007/-, Rs. 47,657/- and Rs. 40,064/-"

PERSONAL HEARING:

4. Personal hearing in the matter was held on 05.10.2023 virtually, Ms. Madhu Jain, Advocate, appeared on behalf of the Appellant in the present appeal. During the Personal Hearing she submitted that the Ld. Refund Sanctioning authority has erred in calculation in formula by taking 18% supply also in inverted duty structure though there is no input procured

• above 18%. She also submitted that in the identical issue, the appeal has been allowed. She further reiterated the written submission and requested to allow the appeals.

DISCUSSIONS AND FINDINGS:

5. I have gone through the facts of the case, available documents on record and written submissions made by the '*appellant*'. I find that the main issue to be decided in the instantcase is :

(i) whether the impugned refund order(s) passed by the Adjudicating Authority are legal & proper and in conformity with Section 54 of the CGST Act, 2017 read with Rule 89 of the CGST Rules, 2017 or not (ii) whether the adjudicating authority has erred in calculating the maximum refund amount as it is in accordance with Rule 89 of the CGST Rules, 2017 or not.

5.1 At the foremost, I observed that in the instant case the "impugned orders" are of dated 10.05.2023, 09.05.2023, 01.06.2023, 10.05.2023, 30.05.2023 and 09.05.2023 and the present appeals are filed online on 02.08.2023 and physical copies submitted on 04.08.2023. As per Section 107(1) of the CGST Act, 2017, the appeal is required to be filed within three months time limit. Therefore, I find that the present appeals are filed within normal period prescribed under Section 107(1) of the CGST Act, 2017. Accordingly, I am proceeding to decide the case.

5.2 I find that the present appeal is filed to set aside the impugned refund orders on the grounds that the adjudicating authority has erred in at the "Turnover of inverted rated supply also for the purpose of arriving at the "Turnover of inverted rated supply of goods and services" while the adjudicating the refund under ITC accumulated due to inverted rate of tax by the adjudicating authority which is against the basic principle of inverted structure.

5.3 Since, the refund claims in question are relating to ITC accumulated due to Inverted Tax Structure, I find that the same are governed under Section 54 of the CGST Act, 2017 read with Rule 89(5) of the CGST Rules, 2017. I find that refund of Input Tax Credit shall be granted as per the formula prescribed Rule 89(5) of the CGST Rules, 2017 as under :

Maximum Refund Amount = {(Turnover of inverted rated supply of goods and services) x Net ITC / Adjusted Total Turnover} - tax payable on such inverted rated supply of goods and services.

5.4 Further, I refer to the relevant provisions of Rule 89 of CGST Rules, 2017 wherein the formula for calculating the refund under inverted duty structure is provided, which is reproduced as under:

....Rule 89. Application for refund of tax, interest, penalty, fees or any other amount.-

[(4) In the case of zero-rated supply of goods or services or both without payment of tax under bond or letter of undertaking in accordance with the provisions of sub-section (3) of section 16 of the Integrated Goods and Services

Tax Act, 2017 (13 of 2017), refund of input tax credit shall be granted as per the following formula -

Refund Amount = (Turnover of zero-rated supply of goods + Turnover of zerorated supply of services) x Net ITC ÷ Adjusted Total Turnover

Where, -

(A) "Refund amount" means the maximum refund that is admissible;(B) "Net ITC" means input tax credit availed on inputs and input services during the relevant period other than the input tax credit availed for which

refund is claimed under sub-rules (4A) or (4B) or both; [(C) "Turnover of zero-rated supply of goods" means the value of zero-rated supply of goods made during the relevant period without payment of tax under bond or letter of undertaking or the value which is 1.5 times the value of like goods domestically supplied by the same or, similarly placed, supplier, as declared by the supplier, whichever is less, other than the turnover of supplies in respect of which refund is claimed under sub-rules (4A) or (4B) or both;]

(D) "Turnover of zero-rated supply of services" means the value of zero-rated supply of services made without payment of tax under bond or letter of undertaking, calculated in the following manner, namely:-

The payments received during the aggregate of the payments received during the relevant period for zero-rated supply of services and zero-rated supply of services where supply has been completed for which payment had been received in advance in any period prior to the relevant period reduced by advances received for zero-rated supply of services for which the supply of services has not been completed during the relevant period;

(E) "Adjusted Total Turnover" means the sum total of the value of-

(a) the turnover in a State or a Union territory, as defined under clause (112) of <u>section 2</u>, excluding the turnover of services; and

(b) the turnover of zero-rated supply of services determined in terms of clause (D) above and non-zero-rated supply of services,

excluding-

(i) the value of exempt supplies other than zero-rated supplies; and

(ii) the turnover of supplies in respect of which refund is claimed under subrule (4A) or sub-rule (4B) or both, if any, during the relevant period.]

(F) "Relevant period" means the period for which the claim has been filed.

[Explanation.-For the purposes of this sub-rule, the value of goods exported out of India shall be taken as –

(i) the Free on Board (FOB) value declared in the Shipping Bill or Bill of Export

form, as the case may be, as per the Shipping Bill and Bill of Export (Forms) Regulations, 2017; or

(ii) the value declared in tax invoice or bill of supply, whichever is less.]

[(4A) In the case of supplies received on which the supplier has availed the benefit of the Government of India, Ministry of Finance, <u>notification No.</u> <u>48/2017-Central Tax</u> dated the 18th October, 2017 published in the Gazette of India, Extraordinary, Part II, <u>Section 3</u>, Sub-section (i), vide number G.S.R 1305 (E) dated the 18th October, 2017, refund of input tax credit, availed in

 respect of other inputs or input services used in making zero-rated supply of goods or services or both, shall be granted.

[(4B) Where the person claiming refund of unutilised input tax credit on account of zero rated supplies without payment of tax has -

(a) received supplies on which the supplier has availed the benefit of the Government of India, Ministry of Finance, <u>notification No. 40/2017-Central Tax (Rate)</u>, dated the 23rd October, 2017, published in the Gazette of India, Extraordinary, Part II, <u>Section 3</u>, Sub-section (i), vide number G.S.R 1320 (E), dated the 23rd October, 2017 or <u>notification No. 41/2017 Integrated Tax (Rate)</u>, dated the 23rd October, 2017, published in the Gazette of India, Extraordinary, Part II, <u>Section 3</u>, Sub-section (i), vide number G.S.R 1321(E), dated the 23rd October, 2017; or

(b) availed the benefit of notification No. 78/2017-Customs, dated the 13th October, 2017, published in the Gazette of India, Extraordinary, Part II, <u>Section 3</u>, Sub-section (i), vide number G.S.R 1272(E), dated the 13th October, 2017 or notification No. 79/2017-Customs, dated the 13th October, 2017, published in the Gazette of India, Extraordinary, Part II, <u>Section 3</u>, Sub-section (i), vide number G.S.R 1299 (E), dated the 13th October, 2017,

the refund of input tax credit, availed in respect of inputs received under the said notifications for export of goods and the input tax credit availed in respect of other inputs or input services to the extent used in making such export of goods, shall be granted.]]

Maximum Refund Amount = {(Turnover of inverted rate supply of goods) X Net ITC / Adjusted Total Turnover} – (Tax payable on such inverted rated supply)

penation : For the purposes of this sub-rule, the expression –

Net ITC means input tax credit availed on inputs during the relevant period other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both; and

(b) "Adjusted Total Turnover" and "relevant period" shall have the same meaning as assigned to them in sub-rule (4)."

[(5) In the case of refund on account of inverted duty structure, <u>refund of input</u> <u>tax credit shall be granted as per the following formula:-</u>

Maximum Refund Amount = {(Turnover of inverted rated supply of goods and services) x Net ITC Adjusted Total Turnover} - [{tax payable on such inverted rated supply of goods and services x (Net ITC \div ITC availed on inputs and input services)}].

Explanation: - For the purposes of this sub-rule, the expressions -

(a) "Net ITC" shall mean input tax credit availed on inputs during the relevant period other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both; and

["<u>Adjusted Total turnover</u>" and "relevant period" shall have the same meaning as assigned to them in sub-rule (4).]

5.5 In this regard, I find that the Appellant in the present appeals mainly contended that the adjudicating authority has not taken the correct value of Turnover of inverted rated supply of goods and services in numerator as per Rule 89(5) ibid to arrive at the correct amount of admissible Refund. The

Appellant has contended that they had made outward supply of goods/services(as per Refund for Oct-2021, Feb-2022, Nov-2021 & Jan-2022) @5% and 18%, (as reflecting in the Table-1 of respective month) and procured inputs at the rate of 5%, 12% and 18%, the adjudicating authority has considered the turnover of 18% also (along with outward supply @5%), further they had made outward supply of goods/services during April-2022 to September-2022 & Dec-2021 @5%, @12% and @18%(as reflecting in the table-1 of respective month) and procured inputs at the rate of 5%, 12% and 18%, the adjudicating authority has considered the turnover of 18% also (along with outward supply @5% and 12%), Accordingly, by considering the Turnover of 18% in the Turnover of inverted rated supply of goods and services and applying in the above formula, an amount of Rs. 43,546/-, Rs. 49,517/-, Rs. 6,16,223/-, Rs. 33,007/-, Rs. 47,657/- and Rs. 40,064/-for the refund claimed by the appellant for the months October-21, February-22, April-22 to September-22, November-21, December-21, January-22, respectively, has been rejected by the adjudicating authority.

5.6 As per provisions ibid, I am of the view that for the purpose arriving at the "Turnover of inverted rated supply of goods and services" while calculating the refund under ITC accumulated due to inverted rate of tax, Inverted rated turnover of those supplies is to be taken which attract tax less than the tax paid on the inward supplies of goods/services. In the instant case the appellant has made outwards supplies @5% and 12% (as mentioned in the submissions made by the appellant) and procured input supplies at the rate of 5%, 12% and 18%. Thus the Turnover of inverted supply shall be considered taking into the values of 5% and 12% only as applicable in each be the refund claim in the instant case.

\overline{z}.7 Further, I find that at para 54 of the Circular No. 125/44/2019-GST dated 18.11.2019, it is clearly explained in the Circular supra, that the <u>Net</u> <u>ITC covers the ITC availed on all inputs in the relevant period</u>. The text of the same is reproduced hereunder:

"54. There have been instances where while processing the refund of unutilized ITC on account of inverted tax structure, some of the tax authorities denied the refund of ITC of GST paid on those inputs which are procured at equal or lower rate of GST than the rate of GST on outward supply, by not including the amount of such ITC while calculating the maximum refund amount as specified in rule 89(5) of the CGST Rules. The matter has been examined and the following issues are clarified:

a) Refund of unutilized ITC in case of inverted tax structure, as provided in section 54(3) of the CGST Act, is available where ITC remains unutilized even after setting off of available ITC for the payment of output tax liability. Where there are multiple inputs attracting different rates of tax, in the formula provided in rule 89(5) of the CGST Rules, <u>the term "Net ITCD covers the ITC availed on all inputs in the relevant period</u>, irrespective of their rate of tax."

5.8 In the instant case, it covers ITC availed on inputs purchased @ 5%, 12%, and 18%. Correspondingly, the "Turnover of inverted rated supply of goods and services" and "tax payable on such inverted rated supply of goods and services" should also cover all the outwards supplies made by the Respondent @ 5% and 12% (except outward supplies made at the rate equal

to the highest rate of inward supply i.e. @18% only) to arrive at the turnover of the inverted rated supply of goods and services.

5.9 Therefore, considering the foregoing facts, I am of the view that the correct value of Turnover of inverted rated supply of goods and services in the prescribed formula has not been considered by the adjudicating authority in sanctioning the refunds in the instant case. Value of supply of goods @ 18% cannot be considered under inverted tax structure as inputs are procured @5%, @12% and @18%, therefore only goods @5%, and @12% should be considered as inverted supply in the instant case. Accordingly, I agree with the submission of the Appellant. Therefore, the refunds sanctioned vide impugned orders are not legal and proper to above extent.

6. In view of the above discussion and findings, I allow the appeals filed by the appellant and direct the Refund Sanctioning Authority i.e. Adjudicating Authority to re-determine the refund in respect of the impugned orders, by re-computing the Turnover of Inverted supply in above terms. The impugned orders are modified to above extent.

7. अपीलकर्ता द्वारा दर्ज की गई अपीलका निपटारा उपरोक्त तरीके से किया जाता है।

7. The appeal(s) filed by the appellant stand disposed of in above terms.
