ORDER-IN-APPEAL

M/s. Bodal Chemicals Limited, Unit IV, Plot No. 252, 253 & 254, Phase-II, GIDC, Vatwa, Ahmedabad [for short - 'appellant'] has filed this appeal against OIO No. 02/Supdt/AR IV/2016-17 dated 30.12.2016, passed by the Superintendent, AR IV, Division III, Ahmedabad-I Commissionerate [for short - 'adjudicating authority'].

2. Briefly stated the facts are that a show cause notice dated 12.05.2016 was issued under Section 11A(7A) of the Central Excise Act, 1944, proposing recovery of the CENVAT credit of Rs. 9,868/- during the period from April 2015 to March 2016, along with interest on the grounds that the duty paid on spares and parts used in the repair and maintenance of capital goods. The notice further proposed penalty on the appellant. This notice was decided vide the impugned OIO wherein he disallowed the CENVAT credit, ordered payment of interest and further proposed penalty on the appellant.

3. It is against this OIO that the appellant, feeling aggrieved, has filed this appeal on the grounds that:

- (a) the impugned order has been passed in utter violation to the principles of natural justice as the adjudicating authority has failed to consider the submission made by the appellant;
- (b) the adjudicating authority was not correct in examining the admissibility of the said goods under the category of capital goods, when the credit was taken under the category of inputs;
- (c) Rule 2(k) of CCR '04 was amended from 1.4.2011, vide notification No. 3/2011-CE (NT) dated 1.3.2011 and consequent to amendment the said rule does not provide the explanation as considered by the adjudicating authority;
- (d) that since the use of the said goods is not in dispute, it was not open for the adjudicating authority to have disallowed the CENVAT credit;
- (e) that maintenance and repair are a necessary operation in any factory;
- (f) that the OIO refers to notification No. 16/2009-CE(NT) dated 7.7.2009 and board's circular dated 8.7.2010, as amended with effect from 1.4.2011, while the present dispute is concerning the period from April 2015 to March 2016;
- (g) that the imposition of penalty is not sustainable.

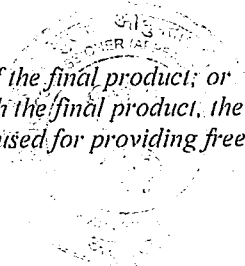

3. Personal hearing in respect of all the three appeals was held on 21.4.2017, wherein Shri N.K.Tiwari, Consultant, appeared on behalf of the appellant. Shri Tiwari, reiterated the grounds of appeal. Shri Hanuman Ram, Superintendent, AR V, division III, Ahmedabad-I appeared on behalf of Revenue.

4. I have gone through the facts of the case, the grounds of appeal and the oral submissions made by the consultant and the Superintendent. Before dwelling on to the dispute, I would like to reproduce the relevant extracts of CENVAT Credit Rules, 2004 and the extracts of the Circular No. 267/1/2010-Cx.8 dated 8.7.2010 :

CENVAT Credit Rules, 2004

(k) "input" means -

- (i) all goods used in the factory by the manufacturer of the final product; or
- (ii) any goods including accessories, cleared along with the final product, the value of which is included in the value of the final product and goods used for providing free warranty for final products; or

8

- (iii) all goods used for generation of electricity or steam for captive use; or
 (iv) all goods used for providing any output service;
 but excludes -
 (A) light diesel oil, high speed diesel oil or motor spirit, commonly known as petrol;
 (B) any goods used for -
 (a) construction or execution of works contract of a building or a civil structure or a part thereof; or
 (b) laying of foundation or making of structures for support of capital goods,

except for the provision of service portion in the execution of a works contract or construction service as listed under clause (b) of section 66E of the Act;

(C) capital goods except when used as parts or components in the manufacture of a final product;

(D) motor vehicles;

(E) any goods, such as food items, goods used in a guesthouse, residential colony, club or a recreation facility and clinical establishment, when such goods are used primarily for personal use or consumption of any employee; and

(F) any goods which have no relationship whatsoever with the manufacture of a final product.

Explanation. - For the purpose of this clause, "free warranty." means a warranty provided by the manufacturer, the value of which is included in the price of the final product and is not charged separately from the customer; ;

Circular No. 267/11/2010-Cx.8 dated 8.7.2010

3. It thus follows from the above judgments that credit on capital goods is available only on items, which are excisable goods covered under the definition of 'capital goods' under CENVAT Credit Rules, 2004 and used in the factory of the manufacturer. As regards 'inputs', they have to be covered under the definition of 'input' under the CENVAT Credit Rules, 2004 and used in or integrally connected with the process of actual manufacture of the final product for admissibility of cenvat credit. The credit on inputs used in the manufacture of capital goods, which are further used in the factory of the manufacturer is also available, except for items like cement, angles, channels, CTD or TMT bars and other items used for construction of factory shed, building or laying of foundation or making of structures for support of capital goods. Further, credit shall also not be admissible on inputs used for repair and maintenance of capital goods.

5. While the appellant has claimed that the credit on the disputed items was taken as inputs, the adjudicating authority, however, has denied the CENVAT credit in respect of the said goods, on the grounds that these goods are neither covered under capital goods nor inputs. The adjudicating authority, further in para 26, states that "the inputs under reference in the SCN were used for repairs of capital goods, that being so, the CENVAT credit on the said goods is not admissible as these are not falling under the definition of CENVAT Credit Rules, 2004".

6. The appellant's contention is that the definition of inputs had undergone a change vide notification No. 3/2011-CE dated 1.3.2011 wherein the explanation relied upon by the adjudicating authority was not there. The appellant further contends that the aforementioned circular dated 8.7.2010, is also not applicable since the definition of inputs has been amended vide the aforementioned notification. In-fact, I find that the definition of inputs, especially the portion relevant to the case was amended vide notification No. 28/2012-CE(NT) dated 20.6.2012. The definition of input as was in vogue during the period of dispute clearly excludes any goods used for construction or execution of works contract of a building or a civil structure or a part thereof; or laying of foundation or making of

structures for support of capital goods, except for the provision of service portion in the execution of a works contract or construction service as listed under clause (b) of section 66E of the Act. The appellant's contention is that the angles, beam joints, HR SS plates, etc. were used for repairs of capital goods. However, the appellant has not specifically mentioned the use of inputs i.e. as to in which capital goods, these inputs were used for repairs and maintenance. The appellant is manufacturer of goods falling under chapter 32 of the Central Excise Tariff Act, 1985. It is therefore, easy to judge without much difficulty, as to for what repairs, the aforementioned goods might have been used for. Without doubt, it would have been used for either repair in foundation or in repair of structures, for support of capital goods. When input credit is not allowed on goods used for laying of foundation or making of structures for support of capital goods, the question of allowing credit on goods used in its repairs, does not arise.

7. In view of the foregoing, I do not find any reason for interfering with the impugned order. The appeal is therefore, rejected.

8. अपीलकर्ता द्वारा दर्ज की गई अपील का निपटारा उपरोक्त तरीके से किया जाता है।
8. The appeal filed by the appellant stands disposed of in above terms.
